Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/28/2003 has been entered.

2. Claims 23-51 are allowed.

3. The following is an examiner's statement of reasons for allowance:

- * The rejected claims have been amended to include an allowable subject matter;
- * The present invention provides a new image data format for representing an original image block having a pixel color set, which can be suitable in a method and system to maximize the accuracy of compressed images while minimizing storage, memory bandwidth requirements, and decoding hardware complexities, while also compressing image data blocks into convenient sizes to maintain alignment for random access to any one or more pixels (specification, page 5, lines 3-7). In particular, the prior art, either taken singly or in combination, does not teach:

- the bitmap portion constructed by a bitmap construction module utilizing the codeword portion associated with the bitmap portion (see independent claims 23, 33, and 37);
- said set of colors are computed using a geometric element fitted to said pixel color set so that said geometric element has a minimal moment of inertia (see independent claim 36);
- wherein said first and second codewords define a first set of colors that approximate the first pixel color set, and said first set of indices map the first set of colors to the first pixel color set; wherein said third and fourth codewords define a first set of colors that approximate the second pixel color set, and said second set of indices map the second set of colors to the second pixel color set (see independent claim 45).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
